To make her glow
G **D** **Am**
Why are you so far away? she said

[Verse 3]

G **D**
Daylight licked me into shape
Am **C**
I must have been asleep for days
G **D**
And moving lips to breathe her name
Am **C**
I opened up my eyes

And found myself alone alone
Am **C**
Alone above a raging sea
G **D**
That stole the only girl I loved
Am **C**
And drowned her deep inside of me

[Chorus]

Em F
You, soft and only
Em F
You, you're lost and lonely
Em F C
You, just like heaven
